

## Exhibit B - Attorney Legal Services Charge Sheet

Pacific Resources Group does not provide legal representation or advice for our clients in litigation cases. If the client does not have legal representation, PRG will attempt to refer a local attorney who shall respond to the legal matters as necessary. The referred attorney shall establish an Attorney-Client relationship. PRG referring attorneys have agreed to charge the following flat fees for these specific legal services. Though it is not contemplated, all Legal Service Charges are subject to change. All efforts will be made on PRG's part to settle accounts that are referred to an attorney without the necessity of a trial. If trial becomes necessary, then the client can discuss the rates for trial directly with the attorney.

If a particular case requires legal services beyond the listed fees, then an additional flat fee will be quoted and the client will be billed upon approval. All legal service charges shall be billed to the client prior to legal service date whenever possible and payment is required before legal action is taken. PRG shall subsequently forward these payments to the referring attorney.
